

# Linear50

Electric Fireplace

1.6  
kW

Output

1200 W  
300 H

Glass Size

The Linear50 electric fireplace gives you the look you love, without any fuss. Get the warmth and ambience of a real fire, in any space. Installation is easy, there's no maintenance, and it's safe to touch.

## Simply Beautiful

Clean lines give this electric fire a sleek simplicity that works with any interior style. The design is seamless, with no visible details taking away from the beauty of flames.

## Full Control

The Linear50 gives you full control of the LED lighting, fuelbed, flame and heat output. Change your settings on the remote control or touch panel control.
